

Hermes - Resume

Email: hermes@bupt.edu.cn

Phone: 138-0000-4444

University: Beijing University of Posts and Telecommunications

Major: Network Engineering

Education

Beijing University of Posts and Telecommunications - Network Engineering

Bachelor | Sep 2022 - Jun 2026

- GPA: 3.6/4.0
- Core Courses: Computer Networks, Network Security, Cloud Computing, Distributed Systems
- Participated in multiple laboratory projects

Skills

Java

C++

Linux

Docker

Kubernetes

Network Protocols

Project Experience

Distributed File Storage System

Laboratory Project | Jun 2025 - Dec 2025

- Designed and implemented a simplified distributed file system
- Implemented node communication and data synchronization using Java
- Supported file sharding and redundant backup
- Performance testing met expected goals

Network Traffic Monitoring Tool

Course Project | Mar 2025 - Jun 2025

- Developed network packet capture tool using C++
- Implemented traffic statistics and protocol analysis
- Visualized network traffic data

Work Experience

Teaching Assistant - Computer Networks

Beijing University of Posts and Telecommunications | Sep 2024 - Jan 2025

- Assisted instructors in explaining network protocols and principles
- Guided students in completing network experiments
- Answered student questions about network configuration

Self-Evaluation

Deep understanding of computer networks and system architecture with strong hands-on skills. Experienced as a teaching assistant, able to patiently answer student questions. Good at combining theoretical knowledge with practice to help students better understand technical concepts.
