

Hera - Resume

Email: hera@bupt.edu.cn

Phone: 138-0000-3333

University: Beijing University of Posts and Telecommunications

Major: Data Science and Big Data Technology

Education

Beijing University of Posts and Telecommunications - Data Science and Big Data Technology

Bachelor | Sep 2023 - Jun 2027

- GPA: 3.7/4.0
- Core Courses: Machine Learning, Data Mining, Python Programming, Statistics
- Participated in supervisor's research projects

Skills

Python

Java

Pandas

NumPy

Scikit-learn

SQL

Project Experience

Student Behavior Data Analysis System

Research Project | Jun 2025 - Dec 2025

- Analyzed student learning behavior data to predict learning outcomes
- Used Python for data cleaning and feature engineering
- Built machine learning models with 82% accuracy
- Visualized analysis results and generated reports

E-commerce Data Crawler and Analysis

Personal Project | Mar 2025 - May 2025

- Crawled product data from e-commerce platforms using Python
- Performed price trend analysis and sentiment analysis on user reviews
- Generated data visualization reports

Work Experience

Teaching Assistant - Python Programming

Beijing University of Posts and Telecommunications | Mar 2025 - Jul 2025

- Tutored students in completing Python programming assignments
- Explained fundamentals of data analysis and machine learning
- Organized programming practice activities

Self-Evaluation

Strong interest in data analysis and machine learning with solid mathematical and programming foundations. Good at telling stories with data and explaining complex technical concepts in simple ways. Patient, helpful, and well-suited for teaching assistant work.
